

**The First Japanese Luxury Hotel in Macau**

**Hotel Okura Macau Opens on May 15, 2011**

~Japanese Hospitality Makes its Macau Debut at Galaxy Macau™

Hotel Okura Co., Ltd.

Hotel Okura Co., Ltd. (Head office: Tokyo, Japan; President: Toshihiro Ogita) will open Hotel Okura Macau on May 15, 2011, in Galaxy Macau™, the massive new leisure and entertainment complex in the Cotai District, Macau S.A.R.

Hotel Okura Macau offers traditional Japanese service with meticulous attention to detail in an atmosphere designed for relaxation. The new hotel welcomes guests from around the world with a combination of Japanese culture, superlative attention to detail and state-of-the-art functionality. Hotel Okura has been known for its outstanding hospitality for more than 50 years, since the opening of Hotel Okura Tokyo, the flagship hotel of the group.

All of the hotel's facilities, including its 488 guest rooms, display state-of-the-art amenities complemented by traditional Japanese touches. The deluxe guest rooms range from 46 to 52 square meters (495 to 560 square feet). From the guest rooms facing the inside of the resort complex, guests can see the entertainment facility "Grand Resort Deck." Guest rooms facing the outside of the resort complex have a view of the Chinese mainland.

In the Japanese restaurant Yamazato, which has been highly-praised by Japanese and international visitors, guests can savor authentic Japanese food – *kaiseki* meals, freshly prepared sushi, or grilled dishes – while looking out at the Japanese garden.

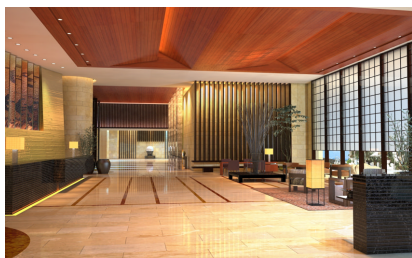

Japanese hospitality is obvious in a wide variety of restaurants, bars and lounges, in addition to the guest rooms. The Terrace Restaurant serves fusion cuisine in traditional Japanese lacquered Bento boxes filled with a variety of Western and Asian dishes. A wide array of sake from across Japan is available in the sake bar, Sakazuki. The lobby bar, Nagomi, offers a very original afternoon tea service that includes Japanese sweets and Macau-style desserts. Hotel guests can fully relax and enjoy resort life through access provided to the Galaxy Macau™'s Sky Wave Pool™, the world's largest wave pool, as well as to the fitness center, spa and other amenities.

Macau, the romantic junction of Western and Eastern culture, is a hot location for overseas weddings, and Hotel Okura Macau offers its own creative wedding plans.

Macau is both a world entertainment capital and a cultural heritage site. While Macau's leading business sector is casino gaming, it also features numerous historical buildings and plazas that have been designated world cultural heritage sites. Hotel Okura Macau is located in the Cotai District, a land reclamation zone between the islands of Taipa and Coloane. The area is undergoing rapid construction of internationally-renowned luxury-brand hotels. Hotel Okura Co. views its operation of a hotel in this location to be a unique opportunity to raise its international profile as Japan's leading luxury hotel brand. Hotel Okura's presence is expected to contribute to the growth of the Japanese market for Macau's tourism industry. At Galaxy Macau™, the largest resort complex in Asia, with 550,000 square meters (over 5.9 million square feet), two additional hotels, Banyan Tree Macau and Galaxy Hotel, will open at the same time as Hotel Okura Macau.

Hotel Okura's overseas growth strategy has been focusing on developing Asian markets. The company is also preparing for openings of new properties in Taipei and Bangkok, which is expected to strengthen the company's brand recognition while expanding its customer database. Okura Hotels & Resorts Central Reservation Office is accepting reservations for Hotel Okura Macau.

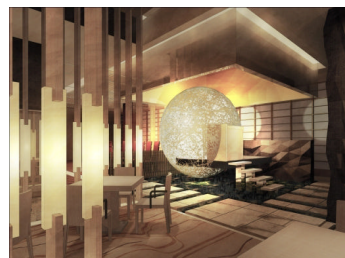

Currently an “opening celebration accommodation package” for two guests is being offered at Hotel Okura Macau, starting at 1,988 Macanese Pataca (MOP). This package will be available during the period until September 15, 2011. The package includes breakfast and a meal/drink coupon with the value of 300 MOP, free access to the sky wave pool and other amenities. The details of this plan are on the bottom of this page.
